UNIGEL

The Uniform Binder

Unigel helps to bind the nutritive feed supplements uniformly and ensures feed quality and also prevents the nutrients loss due to leaching.

Benefits

- Uniform dispersion and binding of nutritive feed supplement
- Doesn't change the texture of feed
- Improves feed consumption and hence no wastages
- Easy binding with all feed supplements

Application

Mix 50-100 ml of Unigel with feed supplements before mixing it with pellet feed uniform mixing.

Store under the room temperature. Keep away from the reach of children

Unigel is a Protein binding gel with attractant

Packing: 5lt & 20lt
