

# APC-PLANKTOMIN

## Mineral Concentrate for Algal Bloom, Water and Soil Enrichment

The complete Nutrient required for the Algal Bloom and a Healthy Pond Bottom

### Composition / Kg

Zinc	50gms
Manganese	10gms
Ferrous	5gms
Magnesium	5gms
Copper	1gms
Boron	1gms
Selenium	20 ppm
Molybdenum	10 ppm
Calcium	200 gms
Phosphorus	50 gms
Sulphur	5 gms

and Traces of iodine, Potassium, Sodium, Silicon Dioxide, Aluminum Silicate, Cobalt & Other Non Specific Micro Nutrients.

### Functions

**APC-PLANKTOMIN** enriches the pond water with a complete balanced mineral supplementation for a healthy algal bloom and replenishes the minerals of the Pond bottom.

**APC-PLANKTOMIN** contributes the substantial quantities of oxygen - A major source of Dissolved oxygen.

**APC-PLANKTOMIN** removes the metabolites that are normally toxic to the Fish and shrimp.

**APC-PLANKTOMIN** prevents "Algal Crash"

**APC-PLANKTOMIN** maintains transparency by reducing the suspended particles from the water Column.

**APC-PLANKTOMIN** replenishes the minerals lost during the previous culture

**APC** Nutrients

# APC-PLANKTOMIN

Mineral Concentrate for Algal Bloom,  
Water and Soil Enrichment

## Benefits

- To eradicate filamentous algae. It is also very effective in reducing the abundance of blue-green algae
- Minerals serve as constituents of the exoskeleton, balance of osmotic pressure, structural constituents of tissues and transmission of nerve impulse and muscle contractions.
- Essential components for enzymes, vitamins, hormones, pigments, and co-factor in metabolism, catalysts, and enzyme activators.

Application of APC PLANKTOMIN during pond preparation and at regular interval during culture period will help to maintain better pond dynamics. Hence thereby ensures good harvest and high profits.

## Dosage

As directed by Aqua Consultant

**Packing:** 10kg & 25kg

**Aqua Feed Supplement**  
**Not for Human Use**  
**Store Under Room Temperature**

 **APC Nutrients**
